

Atlantas Marine Ltd

Quality Policy

Atlantas Marine Ltd is an independent company that distributes, tests, repairs and installs a wide range of marine products to the commercial shipping industry.

Our policy is to improve everything we do continually in order to ensure that our products and services meet the expectations of our customers.

Our goal therefore, is to be responsive to the needs of our customers by supplying the highest possible quality products on time with the best possible pricing and value.

We are committed to complying with the statutory and regulatory requirements and ensuring the availability of resources.

The overall requirements of Atlantas Marine Quality Management System are in accordance with ISO 9001:2008. The Directors shall review this system twice per year in order that its effectiveness may be continually improved.

Our aims and goals are contained in our Business Plan and Quality Management System. These are measurable objectives, which are communicated to the employees via regular briefing meetings.

Our service credibility has produced confidence within our customers and, although we are always looking for ways to improve and develop our products and service, repeat business is a key aspect of our trading.

The Managing Director will review this policy on an annual basis to ensure that it continues to reflect the aims and objectives of the Company.
